Education

MSc Data Science, Tilburg University

- Currently focusing on courses such as Machine Learning, Computational Statistics, Bayesian Multilevel Models, and Deep Learning. Committed to acquiring advanced skills and a comprehensive understanding of data analytics and its statistical foundations.

Master in Finance, CFA Track, Tilburg University

- Graduated the CFA track with distinction. Gained knowledge in derivative securities and empirical finance.
- Thesis: Investor macroeconomic risk perception and cross-sectional returns: an analysis of the US stock market using PVS Metric.

Bachelor in Business Management, Rotterdam Business School

- Completed my undergraduate studies with a focus on practical project experience, enhancing my soft skills, and engaging in international collaborations. This program provided me with a comprehensive understanding of business management in a global context.

Experience

Intern at Global Process & Control Improvement (P&CI)

The Heineken Company

📅 February 2021- August 2021

📍 Amsterdam Netherlands

The role was linked to the Issues and Task Management Process, part of Heineken's Risk Management Process. As an intern, I revamped dashboard reports for HeiRules and ICFR, maintained materials on SharePoint and PowerBI, and supported various compliance processes. My key responsibility was identifying global operational improvement opportunities, guided by Lean Six Sigma principles.

Minor in Sustainable Finance

Rotterdam School of Management

📅 September 2020- January 2021

📍 Rotterdam Netherlands

As a group of students, we worked closely with the "Stichting het werkt" foundation to find ways of funding the Growth Garden, a project that would later socially support a wide array of individuals. Furthermore, during the second part of my minor, we worked with Wärtsilä Corporation. Together with a group of students, we created a consultancy report regarding the internal control framework of a specific department within the company.

Intern at Deloitte Consulting, Human Capital Services

Deloitte Albania

📅 September 2019- January 2020

📍 Tiran, Albania

Human capital is an ongoing concern in the Albanian industry. During my internship at Deloitte, I played a vital role in analyzing data across various economic sectors, compiling comprehensive reports, and assisting in research and data entry. Additionally, I focused on analyzing key metrics and reviewing draft reports related to potential incentive programs aimed at attracting and retaining staff.

Most Proud Of

Courage I had

Most proud of: Immediately volunteering with the Red Cross in aiding citizens during the 2020 earthquake in Albania while the situation was still unstable and hundreds of tremors were still occurring daily.

Persistence & Loyalty

Volunteered in State Retirement Home and several orphanages. Helped assess and improve living conditions by participating in several fundraising activities
